

& AMPERSAND
GRILL RESTAURANT

BAR MENU

Welcome to Ampersand!

All around the world, grilling has become a fixture of culinary culture. While local traditions usually differ in terms of meat choices and spices, the hot flame and tender flavor are always unifying themes.

At Ampersand, we haven't reinvented grilling, just refined it! As such, we are pleased to present you with much more than just savory meat. Indeed, we are happy to grill crunchy vegetables, fresh fish, home-baked bread and sweet deserts. True to this theme, each of our quick and easy lunch specials also features at least one grilled item. Our specially designed grill is fired by pristine Swiss oak wood, which lends a delicate flavor to all food. We are excited to share our "fiery" passion with you and hope that you will enjoy your visit

**YOUR HOST,
PHILIP SPIESER**
