OUR COMMITMENT TO WINE

While we try to chart new ground with innovative grilled dishes, we see our outlook on wine as quite traditional. In order to promote sustainability, we only stock European wines and showcase many small family producers. We are certain that you will enjoy these carefully selected wines and their exquisite taste. Certainly they have been chosen for their suitability with our grilled meals, but each wine also makes for an outstanding stand-alone drink.

CHEFS CHOICE

Naturally, each vintage wine has its own personality and distinctive features. The following wine list will give you an initial introduction, but do feel free to consult our knowledgeable staff for more details. We have also taken the liberty to mark our own favorites with the «Chef's Choice» icon.

The Fin Bec Mer Sél. N° 22 from the «Assemblages du Rhône» line from Cave Fin Bec represents a unique epicurean wine alliance between France and Switzerland. A number of exquisite terraced vineyards along the Rhone were selected for this cuvée. The Rhone originates at the source of the Rhone glacier in Switzerland and ends in Marseille, France, where it flows into the Mediterranean. This white wine with a lot of finesse and elegance has beautiful, fruity and fresh notes.

Grüner Veltliner

Grüner Veltliner is the most famous indigenous grape variety and also the most important white variety in Austria. It produces great wines, from extremely dry to naturally sweet, from young and light to highly mature predicate wines. What remains characteristic is the so-called „Pfefferl“, a flavor note reminiscent of freshly ground pepper. Let yourself be inspired by our enthusiasm for the „Weissgipfler“, as the grape is also called in its homeland, and try one of these wonderful wines.

The sunshine region of Switzerland must not be missing from any wine list because the Merlot wines from Ticino are also internationally recognized. The Carato Reserva from the Delea family is made from the best grapes from the vineyards around Locarno. Ruby red and complex, with notes of cassis and tobacco, this wine combines the best of the Ticino wine world. How about a grilled piece of Swiss meat from the beechwood grill to accompany it?

The Super Tuscans

Often, beautiful memories come to mind when thinking about the last trip to Tuscany: olive trees, the sea, small towns, food, and certainly the wines. Tuscany is one of the oldest wine regions in Europe, with evidence of winemaking dating back to around 1,000 BC by the Etruscans. In this beautiful region, the Sangiovese grape reigns as the queen, and it is the home of Chianti. However, in the 1980s, the „new“ Tuscan wines emerged. For the first time, grapes other than Sangiovese were used. Initially, these „Super Tuscans“ were classified as table wines since they did not conform to the narrow, tradition-bound legislation. We believe that these wines are a perfect match for grilling over an open wood fire, and that's why we pay special attention to this region. Salute!

Winemaker and founder Giuseppe Papadopoli from the Apulian winery Tenuta Giustini is an absolute master of his craft. Elegance and finesse are the hallmarks of this red wine, which has its origins in the fertile and flourishing landscape between the sea of Taranto and the heights of the Itria Valley in Apulia. The highlight is the vineyard parcel, which is just a stone's throw, about 5 metres, from the shores of the Mar Piccolo, where the Scirocco and Tramontana winds are decisive and the vines grow vigorously on a soil of clay, sand and shell fossils. The Acinorè Limited Edition is a multi-layered, rich and powerful Primitivo di Manduria DOC, produced from grapes from the oldest vines and without residual sweetness.

Bulgaria**Katarzyna**

In the early 2000s, Christoph Trylinski fulfilled his dream of having his own winery. He named the estate after his daughter, Katarzyna. But that's not enough to be mentioned here; the wine also has to be exceptionally good. With the help of established wine consultants like the Frenchman Michel Roland, wine expertise was gradually developed. Since 2010, the production has also been in Bulgarian hands. Are you ready to try something new? Then we highly recommend the wines from the foot of the Rhodope Mountains, near the border with Greece.
